BLET, Pacific Harbor Line sign new agreement

Pacific Harbor Line, Inc. (PHL) and the Brotherhood of Locomotive Engineers and Trainmen (BLET) have signed a new five-year labor agreement covering PHL's operating and maintenance of way employees.

The pact was overwhelmingly ratified by PHL employees and signed July 4 at the railroad's Family Day celebration. It included significant wage increases, employee contribution to health care, as well as modification of some rules concerning profit sharing, overtime, the selection of job assignments and productivity.

BLET's Division 214 in Long Beach, Calif., has represented PHL's employees since the railroad was formed in 1998. Union employment on this property has grown from 27 employees initially to nearly 120 in the past 15 years.

PHL President Otis Cliatt II said, "This was a win-win agreement reflecting teamwork, persistence and determination by both parties. PHL and its workforce are committed to providing stellar freight railroad service to the Ports of Los Angeles, Long Beach and the San Pedro Bay Port community."

"Sometimes the wheels of progress

move slowly and it took us a few years to get this agreement right," said BLET General Chairman Bill Hannah, "But in the end, the company made some essential changes and we negotiated the best agreement possible for our membership, which allowed us to achieve ratification."

Hannah said a key component of the agreement is an enhanced profit sharing provision, which greatly improves the earning power of BLET members.

BLET National President Dennis R. Pierce, who along with BLET First Vice President Lee Pruitt personally attended multiple negotiating sessions between the parties, recognized the invaluable efforts

of General Chairman Hannah, Vice President Mike Twombly, Vice General Chairman John Eutsler and Division 214 Local Chairman Jose Covarrubias. Pierce also thanked former BLET Vice President Stephen Speagle, who assisted with negotiations prior to his retirement. The PHL negotiating team included Otis Cliatt and past PHL presidents Andrew Fox and Mike Stolzman.

The BLET is a division of the Rail Conference of the International Brotherhood of Teamsters and represents approximately 52,000 employees in the United States.

Founded as the Brotherhood of the Footboard on May 8, 1863, the Brotherhood is the oldest labor union in the United States and celebrated its 150th anniversary earlier this year.

Pacific Harbor Line, Inc. provides railroad switching services to customers in the Ports of Long Beach and Los Angeles. It also dispatches all BNSF Railway and Union Pacific trains within the ports. PHL is a subsidiary of Anacostia Rail Holdings (www.anacostia.com), a firm that operates local and regional freight railroads. ©

AMTRAK, PTC FOCUS OF BLET TESTIMONY BEFORE CONGRESS

John Tolman, Vice President and National Legislative Representative of the Brotherhood of Locomotive Engineers and Trainmen, testified before Congress on June 27 in support of long-term federal funding for Amtrak and the need to improve railroad safety through the implementation of Positive Train Control (PTC) and other safety measures.

At the same time that Vice President Tolman was testifying before the Railroad Subcommittee, the House Appropriations Committee was voting on legislation for Fiscal Year 2014 that would slash Amtrak funding 29% from last year.

Immediately following Vice President Tolman's testimony, the BLET National Division launched a Mobilization effort encouraging all active or retired BLET members, members of the BLET Auxiliary and concerned family members, to call their members of Congress. The membership asked members of Congress to fund Amtrak at the Senate level.

"Nationwide Amtrak service, and not just routes that are profitable, is critical

to our transportation system," Vice President Tolman said. "We all know how important Amtrak is, and we need to make sure the members of the House know it too. Amtrak's survival is critical to all BLET members."

Vice President Tolman testified before the House Subcommittee on Railroads at a hearing titled: "National Rail Policy: Examining Goals, Objec-

tives, and Responsibilities."

"[The Brotherhood of Locomotive Engineers and Trainmen] would like to reinforce the need for Amtrak's long-term funding and the continued need for cooperation between freight railroads and labor to provide stimulus to our industry and the economy, and the need to do all this while making the critical strides to enhance rail safety," Tolman said.

Congress mandated creation of a National Rail Policy when it passed the Rail Safety Improvement Act of 2008 ("RSIA"), calling upon the Federal Railroad Administration to "develop a long-term national rail plan... in order to promote an integrated, cohesive, efficient, and optimized national rail system for the movement of goods and people."

Tolman also testified that the National Rail Plan should protect organized rail labor.

"Freight and passenger rail are the answer for many of our nation's transportation problems," he said. "Rail is energy efficient, relieves highway congestion, and

provides flexible and viable alternatives as our population continues to grow. It also is imperative that any National Rail Policy or Plan would protect the interests of the men and women who work on America's railroads."

POSITIVE TRAIN CONTROL

According to Vice President Tolman, PTC will save lives and the BLET strongly supports the implementation of PTC on our nation's railroads. He chastised the rail industry for seeking an extension of the federally mandated deadline of 2015 for installation of the life-saving technology.

"[Railroad companies] have had over seven years to work on this, and now they come to Congress begging for an extension, yet this issue has been on the National Transportation Safety Board's 'Most Wanted List' since the early 1970's," Tolman said. "[T]his is unacceptable. This technology will prevent the most egregious and catastrophic accidents where hazard-

BLET DENOUNCES ONE-PERSON TRAIN OPERATIONS

RAIL COMPANIES PUT COST-CUTTING AHEAD OF PUBLIC SAFETY

THE FOLLOWING IS THE JULY 19 OFFICIAL STATEMENT FROM DENNIS R. PIERCE, NATIONAL PRESIDENT OF THE BROTHERHOOD OF LOCOMOTIVE ENGINEERS AND TRAINMEN REGARDING THE DANGER TO PUBLIC SAFETY THAT ONE-PERSON TRAIN OPERATIONS REPRESENT.

As the residents of Lac-Mégantic, Quebec begin to rebuild their lives and their town in the aftermath of the horrific catastrophe that occurred on July 6, the Brotherhood of Locomotive Engineers and Trainmen (BLET) extends our most heartfelt sympathy to those who are now enduring something that is, unfortunately, all too familiar to the membership of the BLET. Out of respect for those grieving, we have withheld formal public comment on this tragedy up to now.

However, because the attention of the media has turned to various issues that may have contributed to the tragedy in an effort to make sense out of the senseless, I can no longer be silent. To be clear, the BLET represents train and engine service employees on the Montreal, Maine & Atlantic Short Line Railroad (MMA) in the United States only. Although nearly all of MMA's employees were laid off due to the interruption of rail traffic following the horrific accident, this mass layoff is not the reason I am commenting today.

Furthermore, consistent with our organization's long-standing policy regarding open accident investigations, I will not comment on the accident itself nor will I speculate on the actions that may have contributed to that terrible tragedy. However, I am compelled to clearly state our organization's position regarding one-person train operations, our ongoing struggle to prevent its spread, and why this issue matters to everyone.

Over a 25- to 30-year period that began in the late 1960s the size of over-the-road freight train crews on Class I Railroads was reduced from five or six to two, primarily due to the introduction of new technologies. Today's Class I two-person freight train crew, comprised of an engineer and a conductor, work as a finely-coordinated team; each having clearly defined responsibilities that ensure their safety and that of the public.

During the past 20 years, numerous railroads, both Class I's and short lines, have pursued the introduction of single-person operation of these trains. All of the

safety advantages of the current crew consist — observation of both sides of trains for defects, dual-sided vigilance at road crossings, separating trains to maintain open road crossings, someone to stop the train should the engineer become disabled — simply disappear in a single-person operation. A fair analogy would be if the airline industry wanted to remove the first officer from the cockpit because the captain has computer systems onboard to assist him or her in flying the aircraft.

The Brotherhood of Locomotive Engineers and Trainmen, and its predecessor, the Brotherhood of Locomotive Engineers (BLE), has steadfastly opposed and condemned single-person operations as adverse to worker and public safety, and I reaffirm that condemnation now. That said, all involved must understand that as things stand today, there are only two ways to end one-person train operations, 1) federal laws or regulations that outlaw this dangerous practice, and, 2) collectively-bargained contract language that requires two crew members on every train.

As just one example of the regulatory battle over crew size, in response to a March 4, 1996 derailment of a Wisconsin Central freight train in Weyauwega, Wis. — in which 14 derailed propane tanks forced the evacuation of 2,300 residents for 19 days within a two-mile radius of the crash — BLE became a primary sponsor of a law adopted unanimously by both chambers of the State Legislature that requires a two-person crew on all freight trains operating in the state www.ble-t.org/pr/archive/wisconsinlaw.html. However, neither the Department of Transportation, the Federal Railroad Administra-

tion, nor any other branch of the federal government has been willing to impose any federal law or regulation that would protect the public from the dangers of trains crossing the country with only one crew member there to ensure their safety.

On the contractual front, it is the nation's short line railroads, such as the MMA, that are leading today's charge towards one-person train operation. For example, in the bargaining round prior to the negotiations currently underway, BLET members on the Wheeling & Lake Erie Railway (WLE) were denied wage increases for eight years because of that carrier's stubborn, and ultimately unsuccessful, insistence on a contractual 'right' to operate single-person operations at its whim www.ble-t.org/pr/news/newsflash.asp?id=4647. Current negotiations are again at impasse due to the WLE again demanding this 'right,' and BLET's refusal to grant it.

And a similar situation exists today on the Western New York & Pennsylvania Railroad, (WNYP) where BLET is negotiating its first contract since gaining bargaining rights for the engineers and trainmen on that railroad. The parties have been at loggerheads over one-person operations for nearly five years www.ble-t.org/pr/news/newsflash.asp?id=5315. Unfortunately, it is another government agency, the National Mediation Board, which stands in the way of public safety on the WNYP. BLET has officially requested to be released from the mediation required under the Railway Labor Act, and is willing to exercise the self-help provisions of the act, rather than agree to a contractual provision that allows unsafe one-person train crews to continue. However, the NMB has

ignored those requests, and by doing so, is allowing the WNYP to continue to run one-person train crews they ran prior to BLET's involvement.

These are not anomalous situations. In fact, on several short line railroads where the BLET has stood firm on crew size, the carriers have taken to mass hiring of hand-picked people in an effort to stampede workers into decertifying the union as the collective bargaining representative.

The industry will no doubt argue that our position is driven by our desire to preserve 'unneeded' jobs, but the reality is that — no matter how many members the BLET has — I have not succeeded at my job if I cannot get every BLET member home safely and ensure the public safety at the same time. Such a rejoinder also begs the question how we came to be in this position.

In reality, the issue of freight train crew size is just one symptom of a much bigger problem: the inability or the unwillingness of government to regulate business in the interest of worker and public safety, and the unwillingness of government to allow the union to exercise its right to self-help to resolve its contractual disputes. The answer to the question 'Why was Ed Burkhardt operating trains with a single crew member?' is 'Because he can.' The issue is no more complicated than that.

The fact of the matter is that government is increasingly afraid of taking any action that some business, somewhere, will oppose, and this problem has become worse in this era of multinational corporations. When it comes to safety, this nation's railroads are bound by federal regulations, but rarely do they go beyond those regulations when

they would conflict with the bottom line.

When a cross-border carrier finds a more corporate-friendly safety regulation in Canada than in the U.S. that railroad will petition the Federal Railroad Administration to apply the Canadian regulation, and vice versa, and the other railroads will later jump on the bandwagon for the sake of 'regulatory consistency.' When an issue — like freight train crew size — is completely unregulated at the federal level, then railroads will do whatever maximizes profit.

This is not new; in 1883, when questioned by a reporter about the discontinuance of an express mail train that was popular with the public, New York Central Railroad magnate and Robber Baron William Henry Vanderbilt responded 'The public be damned!' One hundred thirty-three years later, the sentiment of Ed Burkhardt and much of big business is often no different.

Viewed through the prism of regulatory timidity, the only difference between Lac-Mégantic and the May collapse of the garment factory in Bangladesh that killed over 1,100 workers is that Lac-Mégantic is much closer to home, and shares a common culture with us. We are doomed to endure more unnecessary tragedy in the future so long as government fails to fulfill its responsibility to the safety of workers and the public.

"I today call on the White House, the Congress, and any regulatory body of the federal government with the authority to do so to take action to protect the safety of railroad operating crews and the public by putting an end, once and for all, to the inherently unsafe single-person operation of freight trains.

I also invite my counterparts in the International Association of Sheet Metal, Air, Rail and Transportation (SMART) Workers — formed by the merger of the United Transportation Union and the Sheet Metal Workers International Association — to join BLET in a nationwide effort to end single-person operations, be it through federal law or regulation, or collectively-bargained contract language. Whether we work alone or with others, BLET will continue its struggle on behalf of BLET members for their safety and that of the general public.

GENERAL PRESIDENT'S MESSAGE BY JAMES P. HOFFA

THE SECRETIVE TRANS-PACIFIC PARTNERSHIP

Workers across the United States today are working harder and being paid less while producing more than ever before.

Jobs that once allowed wage earners to support their families disappeared during the last recession, replaced by jobs that pay poverty wages. But more importantly, millions of good jobs have been exported over the past 20 years because of bad trade deals such as NAFTA, CAFTA and PNTR.

As difficult as it is for hard-working Americans to lead middle-class lives today, it could get worse if Congress doesn't make sure trade agreements currently being negotiated are in the best

interests of American families.

Members of Congress are inching toward considering the Trans-Pacific Partnership (TPP) deal on a straight up-or-down vote. If that happens, lawmakers

would be giving away their own ability to amend the pact once trade representatives with the U.S. and 11 other Pacific Rim nations agree to it.

Fast track ties the hands of

elected officials. Members of Congress wouldn't have a chance to amend TPP language that could cause all kinds of problems. It could endanger American food and consumer safety, undermine labor rules, eliminate Buy American provisions, weaken environmental protections, and even restrict the freedom of the Internet.

We can't allow this agreement to be rammed through Congress with an up-or-down vote. No one doubts the value of fair trade, but it's not fair if it puts American workers at a disadvantage and American consumers at risk. This treaty needs to be fully vetted for its impact on our families and not rubber-stamped as a partner-

ship between big corporations and big profits.

If the TPP is good for the U.S., the Obama administration and lawmakers shouldn't be concerned about it being debated out in the open on the House and Senate floors. Lawmakers need to do their job and take a good look at this secretive trade deal rather than rush it through without full inspection. A quick up or down vote will not give the TPP the scrutiny it needs. U.S. workers and industries deserve better.

Fraternally,

JAMES P. HOFFA

Pierce addressed the delegates and discussed the business of the National Division. President Pierce is a former General Chairman of the BNSF/MRL GCA.

"I congratulate these Brothers on a job well done and thank them for their continued service to our Brotherhood," President Pierce said. Fellow BNSF General Chairman Alan Holdcraft (former ATSF) and newly promoted Vice President Rick Gibbons (former STL-SF General Chairman) were also in attendance.

The BLET Education and Training Department also conducted a one-day workshop for Local Chairmen. Nineteen newly elected Local Chairmen were del-

egates to the convention; they enjoyed the workshop while gaining a great deal of valuable knowledge and experience.

Brother Wilson became a full time Vice General Chairman for the BNSF/MRL GCA in 1999, moving his family from Spokane, Wash., to Ft. Worth, Texas, to serve the Brotherhood. He was elected by acclamation as 1st Vice General Chairman in 2001, 2004 and 2007 and General Chairman in 2010.

150TH ANNIVERSARY VIDEO A HIGHLIGHT OF 2013 SMA IN RICHMOND, VA.

A special video commemorating the 150th anniversary of the Brotherhood of Locomotive Engineers and Trainmen (BLET) highlighted opening ceremonies of the 86th annual Southeastern Meeting Association (SMA) in Richmond, Va., on June 24.

The BLET celebrated its 150th anniversary on May 8, 2013, and the video highlighted many of the Organization's most important accomplishments since its founding.

SMA Arrangements Chairman Troy Bryant, Co-Chairman Dave Powers, and the members of BLET Division 532 hosted the 2013 SMA.

BLET National President Dennis R. Pierce introduced members of the BLET Advisory Board and National Division staff who were in attendance. President Pierce also spoke about the Organization's 150th anniversary and introduced the commemorative video presentation, which was well received by the audience of more than 100 BLET members and their families. For those who have not seen it, the video is available on the National Division's YouTube page: www.youtube.com/user/BLETUnion.

The opening ceremonies included the annual presentation of state

flags by members of the BLET Auxiliary, a tradition that dates back nearly 100 years. States flags presented in the ceremony include Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, Virginia and West Virginia. Jewell Graben, SMA Chairperson for the BLET Auxiliary, presided over the flag presentation ceremony. Anita Caruso, National President of the BLET Auxiliary, carried the United States flag and later addressed the members and families in attendance.

Brother Bryant introduced Dewey Brown, Local Chairman of Division 267, who gave the invocation and led a ceremony to remember BLET members killed in the line of duty since the 2012 meeting. An empty chair was left at the front of the meeting hall to symbolize the Organization's departed Brothers and Sisters.

Additional guest speakers included: Donald McEachin, State Senator from Virginia; Dave Kannenberg, Region 2 of the Federal Railroad Administration; and Michael Collins, Assistant to the Labor Member, U.S. Railroad Retirement Board.

The afternoon of June 24 concluded with a closed meeting for BLET members and open meetings

for the BLET Auxiliary. Members benefitted from numerous educational opportunities throughout the remainder of the week. Workshops featured specialized training for BLET Legislative Representatives, Secretary-Treasurers, Local Chairmen, and Division Presidents. Also available was: a workshop on the BLET mobilization network; a mock Public Law Board; a seminar with the Federal Railroad Administration; and an informational presentation on the BLET health & welfare plan. The 86th annual SMA concluded with a formal banquet the evening of June 27. ©©

BLET NATIONAL DIVISION ELECTRONIC COMMUNICATIONS POLICY

Official communications between BLET members and the National Division require a hard copy of the correspondence, bearing a signature, being received by the National President to be considered an "official communication." This is to provide that the actual question(s) are addressed, and ensures that when official

interpretations are made they have reference to a specific request and can be used in future correspondence.

The volume of e-mails received makes it impossible for the National President to answer all unofficial communications. Therefore, it is the policy of the BLET that e-mails addressed to the National President will be reviewed and forwarded to

the appropriate officer or staff for a timely response; however, an e-mail message is not considered an official communication.

Moreover, anonymous e-mails and e-mails that do not provide sufficient information concerning the sender to enable National Division staff to confirm the sender's membership status will not receive any reply or acknowledgement. This poli-

cy is intended to allow the National President to be aware of the opinions and suggestions of the membership, while at the same time providing a timely response to the member's unofficial communication, if a response is necessary, without needlessly expending limited BLET resources.

RULES FOR THE 2014 BLET NATIONAL DIVISION OFFICERS ELECTION

On May 7, 2013, the BLET Advisory Board adopted Rules for the 2014 Brotherhood of Locomotive Engineers and Trainmen National Division Officers Election. These rules provide detailed guidelines for compliance with Section 48 of the National Division Rules of the BLET Bylaws, which governs the election of National Division Officers.

Specifically, the Rules establish a timeline for various election-related activities, such as submission of nominating petitions, campaign contribution and expenditure reports, the filing of protests, and how balloting and the election will be conducted. In addition, they set forth the procedures to be used by the National Secretary-Treasurer in fulfilling his oversight responsibility under Section 48.

The Rules also include detailed procedures on campaigning that will provide transparency and fair and equal access to the membership. Lastly, the Rules provide a mechanism for handling all election-related protests and appeals.

In order to ensure that the membership is fully informed about all aspects of the election process, the Rules are being published in the July edition of the *Locomotive Engineers & Trainmen News*. Also, a special section has been created on the BLET website regarding the 2014 National Division Officers Election. In addition to the Election Rules, the web page contains numerous downloadable PDFs for the numerous forms that candidates must complete as part of the election process (such as Campaign Contribution Expenditure Reports (CCER), declaration of candidacy forms, etc...). The 2014 BLET National Division Officers Election web page will be updated periodically throughout the election season. The address of the website is: <http://www.ble-t.org/2014election>

PREAMBLE

The Rules assemble in one document all requirements and regulations affecting the nomination and election of Officers of the National Division ("ND") of the BLET. These Rules are designed to provide for fair, honest, open and informed elections so as to permit the National Secretary-Treasurer and the American Arbitration Association (the "AAA") to certify the election results in the National Election. The AAA's authority to administer the electoral process and to certify the results of elections is limited to the election of National Division Officers. ARTICLE I ROLE AND AUTHORITY OF NATIONAL SECRETARY- TREASURER

Pursuant to NDR Section 48 and the Advisory Board’s resolution of May 7, 2013, the National Secretary-Treasurer has the authority to supervise all phases of the National Election in accordance with the BLET Bylaws, the IBT Constitution, and applicable federal law. The National Secretary-Treasurer, together with the AAA, is authorized and obligated to certify election results.

The National Secretary-Treasurer shall enforce these *Rules* subject to appeal to the Advisory Board and shall take all necessary actions, consistent with these *Rules*, to ensure a fair, honest, open and informed election. The National Secretary-Treasurer may delegate any of his duties and functions to an Election Officer, as may be necessary and appropriate to conduct and conclude the election process. The Election Officer, if one is used, shall at all times perform his or her functions under the direction and supervision of the National Secretary-Treasurer.

The National Secretary-Treasurer, and his designees and representatives, shall at all times discharge their duties and responsibilities faithfully and impartially.

ARTICLE II NOMINATION AND ELECTION OF NATIONAL DIVISION OFFICERS

1. Nomination of Candidates for National Division Office

Candidates for National Division office shall be nominated by Delegates at the National Convention. Each BLET member who desires to be nominated for National Division office shall declare his or her intentions in writing to the National Secretary-Treasurer no later than 5:00 p.m. PDT on September 30, 2014.

A member may be a candidate for only one National Division office.

2. Eligibility for Accredited Candidate Status and Receipt of Petitions

Any active member in good standing who desires to be nominated for office must obtain signatures on petitions from Local Divisions representing five percent (5%) of the membership and/or from Delegates representing five percent (5%) of the membership, and file the petitions with the National Secretary-Treasurer prior to the nominations. No petition(s) from a Local Division and/or its Delegate may be counted more than once for a specific candidate in satisfying the five percent (5%) requirement. The form of the petition used for this purpose will be only those issued by the National Secretary-Treasurer, consistent with NDR Section 48. Petitions from Local Divisions shall be signed by the President of the Local Division based on membership approval as a result of proper action at a Local Division meeting.

Members may sign petitions for more than one candidate for the same office; the signing of petitions for opposing candidates shall not invalidate the signature on any of the petitions signed. Once submitted, a petition may not be withdrawn.

3. Petition Signing by Delegates

A member who was duly elected as Delegate to the National Division in the 2012 Local Division Triennial Elections may sign candidate or slate petitions from the beginning of the process until the deadline for filing petitions, unless the member resigns as Delegate. Petitions signed prior to the death or resignation of a Delegate will remain valid, provided the member was the Delegate when the petition was signed. A member who was duly elected as First Alternate Delegate has no authority to sign petitions unless it can be shown that a duly elected Delegate from his/her division has died, or resigned in writing. At the time of the resignation, the First Alternate Delegate becomes the duly elected

Delegate and may thereafter sign petitions. Similarly, unless there are two deaths or valid resignations from the Delegate and the First Alternate Delegate, the Second Alternate Delegate to the ND may not sign petitions. If the Delegate, the First Alternate Delegate, and the Second Alternate Delegate all die or resign and a new Delegate is elected pursuant to Section 20(a) – Local Division Rules (“LDR”), he/she will have full rights to sign a petition from the time that he/she was duly elected.

This same rule applies if some other cause arises that prevents a Delegate or Alternate Delegate from serving as such.

4. Verification of Petitions by National Secretary-Treasurer

The National Secretary-Treasurer shall take whatever action is necessary to verify the validity and accuracy of petitions and insure that the petitions represent at least five percent (5%) of the total membership. The number of petition signatures required shall be available from the National Secretary-Treasurer on or about July 1, 2013. Such actions shall include checking petitions and voiding any signature or group of signatures where:

- the signatory or circulator failed to sign and print his/her full name or to state his/her Local Division number;
- there are multiple signatures by the same signatory;
- there are forged signatures; or
- the circulator failed to list the name of the candidate or slate, Local Division number and office sought at the top of each form and to certify the accuracy and validity of the petition’s contents at the bottom of each form.

If the National Secretary-Treasurer finds a candidate or slate has submitted the requisite number of valid signatures on valid petitions, the National Secretary-Treasurer shall certify in writing that the candidate or slate is accredited. No candidate or slate shall be certified as accredited unless and until his/her petitions have been checked and verified by the National Secretary-Treasurer.

The National Secretary-Treasurer shall advise in writing the results of any petitions received, and the eligibility of any announced candidate or slate who submitted petitions, and further report to the Delegates the status of any petitions received, and the eligibility of any announced candidate or slate who submitted petitions.

Prior to Election Day, each candidate for National Division office shall have the right to inspect, but not copy, any other candidate’s petitions at the National Division headquarters prior to and including September 19, 2014, and after October 6, 2014, or at the site of the National Convention between September 22, 2014, and October 2, 2014, by appointment made with the National Secretary-Treasurer or his designee.

5. Order of Nominations; Nominating and Sec- onding Speeches

The order in which candidates shall be nominated at the Convention shall be as follows: National President, First Vice President, National Secretary-Treasurer, Vice President and National Legislative Representative, Vice President No. 1, Vice President No. 2, Vice President No. 3, Vice President No. 4, Vice President No. 5, Vice President No. 6, Vice President No. 7; Alternate National Secretary-Treasurer, First Alternate Vice President and National Legislative Representative, Second Alternate Vice President and National Legislative Representative, and Alternate Vice Presidents in numerical order consistent with the above order, as provided in NDR Section 1(b). Each nominator and seconder shall be permitted no more than two (2) minutes to announce his or her nominated candidate and to provide any comments regarding the candidate he or she seeks to nominate.

6. Verification of Nomination Results

The National Secretary-Treasurer shall immediately verify in writing the nomination results after nominations have been held at the National Convention. Verification of the nomination of at least one (1) candidate for each and every National Division office shall be completed prior to the adjournment of the Convention. Should only one (1) nomination be made for any office, the presiding officer will cast a ballot to elect the candidate by acclamation, pursuant to NDR Section 6(b).

7. Appeals of Eligibility Rulings to Run for National Division Office

An appeal of any ruling on a member’s eligibility to run for National Division office shall be governed by Article XXII, Section 5(a) of the IBT International Constitution, which states, in relevant part:

“Any member who desires to challenge a ruling on eligibility to run for office shall appeal, in writing, within forty-eight (48) hours after receipt of the ruling to the General President or his designee, who shall decide an appeal within seven (7) days after receipt of the protest. The decision of the General President shall be appealable to the General Executive Board pursuant to the provisions of Article VI, Section 2 of the International Constitution.”

8. Conducting the Election

(a) Method of Election. The National Election shall be conducted by mail balloting by AAA, under the supervision of the National Secretary-Treasurer. Ballots shall be mailed on or about November 15, 2014, or on another date to be specified by the National Secretary-Treasurer and communicated in writing to all accredited candidates and other interested parties.

(b) Date of Election. The votes shall be counted on or about December 15, 2014 (the “Election Date”), or on another date to be specified by the National Secretary-Treasurer and communicated in writing to all accredited candidates and other interested parties. In no event shall the deadline for receipt of ballots to be counted be less than twenty-eight (28) days from the date of mailing of ballots.

(c) Notice of Election. The Notice of Election shall be prepared by the National Secretary-Treasurer. A ballot shall be enclosed with the Notice of Election. The Notice shall state the National Division offices subject to the election, the number of candidates to be elected to each office, and the date by which ballots must be received in order to be counted. The Notice shall provide a clear and complete explanation of the eligibility requirements for voting, including the date by which dues arrearages and/or initiation fees must be paid to the Local Division in order for members to be eligible to vote. The Notice shall also describe the procedures for voting and explain how members who do not receive a ballot can obtain a ballot or a duplicate ballot.

The Notice of Election will contain the following statements concerning potential sanctions:

“No person or entity shall limit or interfere with the right of each BLET ballot-qualified member to independently determine how to cast his/her vote and to cast and mail the ballot himself/herself. The BLET shall not hesitate to impose the most severe sanctions for violation of the prohibition against solicitation of a ballot-qualified member’s ballot by any other Union member, officer, steward or other person, including, but not limited to, recommending appropriate disciplinary proceedings against members involved, and, when appropriate, disqualifying the candidate on whose behalf ballots were solicited.”

The Notice of Election shall be mailed to the appropriate ballot-qualified members at their respective addresses of record, and it also shall be posted on the National Division website and published in the November 2014 issue of the *Locomotive Engineers & Trainmen News*. Mailings shall be done by first class mail. The Notice shall be included in the mail ballot package mailed by the AAA to each ballot-qualified member at his/her address of record. The Notice shall also be distributed to the Chairmen of all General Committees of Adjustment, State Legislative Boards and Regional Meeting Associations, and Presidents of all Local Divisions, on or before thirty (30) days prior to the deadline for receipt of ballots to be counted, with instructions to post and maintain on their bulletin boards until such deadline has passed. The Notice shall inform BLET members who have recently had a change in address of the method for reporting the change in time to receive a ballot at his/her new address.

The National Secretary-Treasurer may provide, or require any subordinate body to provide, such further or additional notice of election as may be deemed appropriate to fully inform all Union members of the election.

(d) Printing and Handling of Ballots

(i) The National Secretary-Treasurer shall have the authority to designate a standard type of mechanical ballot counting device and to print ballots for the election of National Division Officers which can be counted using this device.

(ii) All ballots shall be identified as the “Official Ballot for Election of National Division Officers” and shall be printed in a legible manner, with headings printed in bold face. Ballots and return ballot envelopes shall contain encodings or other markings to prevent forged or otherwise fraudulent ballots from being used, voted or counted.

(iii) Ballots shall state the offices to be elected and the number of candidates to be elected for each office, and shall instruct the voter to vote for no more than that number of candidates.

Candidates shall be identified on the ballot only by name. Where a similarity in names may cause confusion, appropriate additional identification shall be added.

Full slates shall appear on the ballot first, and partial slates shall appear second, and then individual candidates. Full and partial slates shall appear on the ballot in alphabetical order, based on the declared name of the slate. The placement of candidate names on the ballot shall be alphabetical by last name for each office to be elected. The ballot shall contain the names of all accredited candidates who are nominated at the National Division Convention, including those candidates who are unopposed in the election.

(iv) The ballots shall be printed under the di-

rect supervision and control of the National Secretary-Treasurer and the AAA at one site in the United States.

(v) The person or entity printing the ballots shall certify the number printed. The AAA shall maintain custody of the ballots prior to the election. Ballot security shall be maintained throughout the election process.

(e) Mailing of Ballots. The National Secretary-Treasurer shall supervise the AAA’s handling of all aspects of the assembly, mailing and receipt of the mail ballot package. The mail ballot package shall be mailed from a single location in the United States to all ballot-qualified members at their addresses of record. Each mail ballot package shall contain the Notice of Election, a ballot, a secret ballot envelope, a self-addressed and stamped return envelope pre-labeled by the AAA with the ballot qualified member’s name and address and other data sufficient to identify and distinguish the ballot qualified member, and instructions regarding the procedure for mail ballot voting.

All ballots must be received at the designated mailing address by 10:00 a.m. Eastern Standard Time on Election Day in order to be considered for counting in the election. Ballots received after that time will not be counted.

Observers shall be permitted to inspect the list of ballot-qualified members to whom ballots are being sent. Should any observer claim that a member eligible to receive a ballot has been omitted from the list, such person shall be sent a ballot. If such ballot is cast, it shall be treated as a challenged ballot.

(f) Casting of Votes. Ballots shall be cast by placing the ballot in the secret ballot envelope (without making any mark on that envelope), placing the secret ballot envelope in the stamped return envelope, and then depositing the return envelope in the mail. If the pre-affixed label on the return envelope is missing, the ballot-qualified member must write his/her name, address, and Local Division Number in the upper left-hand corner of the return envelope.

Any ballot cast without proper identification on the return envelope or received after the deadline for receipt of ballots shall be void.

(g) Receipt of Ballots. The AAA shall rent a post office box for the return of the ballots and shall also rent a post office box for receipt of mail ballot packages returned by postal authorities as undeliverable, and shall make all reasonable efforts to verify and correct addresses and remail the ballot packages. At the request of AAA, the National Secretary-Treasurer will review all incorrect addresses and shall make all reasonable efforts to verify and correct addresses and notify the AAA accordingly.

Any ballot-qualified member not receiving a ballot should contact the AAA immediately if he/she wishes to receive a ballot. Any ballot-qualified member who spoils or loses a ballot should contact the AAA immediately if he/she wishes to obtain a replacement ballot. The AAA shall promptly send such person a mail ballot package, regardless of any question(s) concerning the individual’s eligibility to vote.

Any replacement ballot cast by (1) a ballot-qualified member who has not received a ballot and no ballot has been returned as undeliverable for that member, or (2) a ballot-qualified member who requests a replacement ballot after spoiling or losing his/her ballot, shall be treated as a challenged ballot.

(h) Verification of Voter Eligibility. Prior to commencement of the ballot count, and under the direct supervision and control of the AAA, the eligibility to vote of each person casting a ballot shall be verified. (See Article III below). Challenges by a candidate or observer to any ruling on eligibility shall be made in writing, and shall be resolved by the Election Protest Committee as provided below.

(i) Ballot Counting. All ballots shall be counted under the direct supervision and control of the AAA. All challenged ballots shall be segregated. Challenges without merit shall not be entertained by the Election Protest Committee, which shall be present during the counting of ballots. The Election Protest Committee shall have the authority to declare meritless any challenge not supported by documentary evidence. Where more than one (1) mail ballot is received from a ballot-qualified member, the ballot with the latest postmark shall be counted and the other(s) voided. Where it is not possible to determine the latest postmark, such ballot shall be voided.

Voting for more than one candidate for a particular office will invalidate the vote for that office only.

No sticker, write-in or proxy votes shall be permitted.

All unchallenged ballots shall be counted first. If the challenged ballots may not affect the outcome of the election for any office, such ballots shall not be counted. If the challenged ballots may affect the outcome of an election for any office, they shall be divided into groups as determined by the Election Protest Committee in a manner such that the secrecy of ballots is not undermined. Challenges so divided shall then be resolved by groups in succession. Challenged ballots from each group resolved in favor of eligibility shall be counted until such time as the challenged ballots remaining no longer may affect the outcome of the election for any office, at which point the count pertaining to that office shall cease and remaining challenges shall not be resolved. After the count is

completed, the AAA and National Secretary-Treasurer shall determine and certify the total votes cast for each candidate and announce such election results.

(j) Observers. Each candidate for National Division Office, and/or his/her designee, may observe the process for election of National Division Officers in accordance with NDR Section 48 and Articles VII and IX of these Rules.

(k) Retention of Ballots. All ballots, including those that are challenged, voided, spoiled or unused, all ballot envelopes and copies of all tally sheets, and voter/membership rosters shall be preserved for one (1) year after the count.

(l) Prohibition on Interference with Voting. No person or entity shall limit or interfere with the right of any BLET ballot-qualified member to vote, including, but not necessarily limited to, the right to determine independently how to cast his/her vote, the right to mark his/her ballot in secret and the right to mail the ballot himself/herself. No person or entity may encourage or require a BLET member to mark his/her ballot in the presence of another person or to give his/her ballot to any person or entity for marking or mailing.

Any violation of this subsection may result in disqualification of a candidate who benefits from the violation.

The instructions for balloting included in ballot packages shall contain these prohibitions and shall urge members to vote and return their ballots promptly.

ARTICLE III ELIGIBILITY TO VOTE IN NATIONAL ELECTION

1. Rules for Determining Voter Eligibility

To be eligible to vote in the election for National Division Officers, a member must have his/her dues paid up through the month prior to the month in which the election is held. No member whose dues have been withheld by his/her employer for payment to the Local Division pursuant to his/her voluntary authorization provided for in a collective bargaining agreement shall be declared ineligible to vote by reason of a delay or default in the payment of dues by the employer to the Local Division, provided the condition in Subsection 1(b) below is met. Persons eligible to vote under this rule shall include the following:

(a) each person who is otherwise a member in good standing and whose dues are paid through the month prior to the month in which ballots are counted; and

(b) under and in accordance with Article X, Section 5(c), of the IBT Constitution, each member otherwise in good standing whose dues record does not reflect that his/her dues have been paid through the month prior to the month in which ballots are counted, who pays his/her dues by check-off, and whose employer has remitted dues for him/her in the last remittance made by such employer, provided that such remittance was received within ninety (90) days of the date on which the ballots are counted (*i.e.*, on or after September 16, 2014).

2. Verification of Voter Eligibility

The National Secretary-Treasurer will supervise and direct the preparation of Election Control Rosters for all ballot counts and deliver them to the appropriate AAA representative. The Roster shall contain the names of all BLET members and clearly distinguish between those who are and those who are not eligible to vote. Prior to the commencement of any count of ballots, the eligibility to vote of each member who cast a ballot shall be verified. Consistent with the procedures and requirements set forth in the BLET Bylaws for remittance of dues, a member whose dues are paid up through October 2014 is eligible to vote in the election. For purposes of Article III, Section 1(b) above, each member otherwise in good standing who pays his/her dues by check-off, but whose dues record does not reflect that his/her dues have been paid through October 2014, is also eligible to vote in the election, provided that his/her employer has remitted dues for him/her on or after September 16, 2014, which is within ninety (90) days of the date on which the ballots will be counted.

The National Secretary-Treasurer, any member of the Election Protest Committee, any AAA representative engaged in the election counting process, or any candidate or observer present may challenge the eligibility of any member to vote. Subject to the authority of the Election Protest Committee to not entertain challenges without merit, the ballot of the member whose eligibility to vote is challenged shall be so marked by noting on the outside of the return ballot envelope the reason(s) for the challenge. An Election Control Roster notation that a member's ballot should be challenged is binding until resolved by the Election Protest Committee. The Election Protest Committee shall resolve all outcome determinative challenges. Decisions rendered by the Election Protest Committee pursuant to this paragraph are subject to appeal to the Advisory Board in accordance with Article X, Section 3(f).

ARTICLE IV ELIGIBILITY REQUIREMENTS

FOR NATIONAL DIVISION OFFICE

1. Eligibility to Run

(a) To be eligible to run for any National Division Officer position, a member must:

(i) Be in continuous good standing, with dues paid for a period of twenty-four (24) consecutive months prior to the month of nomination for said position and meets the conditions set forth in the Note to NDR Section 1;

(ii) Be employed in an operating craft on surface, subway, elevated lines, in steel plants or other industries, or holding seniority in such service, for a period of twenty-four (24) consecutive months prior to the month of nomination; and

(iii) Be eligible to hold office if elected.

(b) A member who relinquishes his/her seniority to accept a Railroad Retirement age and service annuity is not eligible to be nominated or run for office in the BLET. A member who has relinquished his/her right to exercise his/her seniority pursuant to settlement of a Federal Employers' Liability Act or any other legal or contract claim is not eligible to be nominated or run for office in the BLET. No member who is promoted to an official position on a railroad, elevated railroad, subway, in steel plant or other industries shall serve in any capacity under or for the BLET, and is therefore ineligible to run for National Division Office.

(c) Except as provided in Section 1(e) below, the requirements of Section 1(a)(ii) above may be excused or modified in the case of any officer, employee or member on leave of absence granted with the approval of the National Division or General Committee of Adjustment on a nondiscriminatory basis, so long as the officer, employee or member has returned to employment in an operating craft prior to nominations.

(d) A member eligible for an exemption from dues and assessments pursuant to NDR Section 29(h)(2) by virtue of serving in the armed forces of the United States shall be governed by Article II, Section 4(a) of the IBT Constitution.

(e) A member who otherwise is eligible for an exemption from dues and assessments pursuant to NDR Section 29(h), but instead makes payment of dues for the 24-month period prior to the month of nomination for said position is deemed to have complied with Section 1(a)(i), provided the member meets the conditions set forth in the Note to NDR Section 1.

(f) All officers and full-time employees of the National Division and of any affiliate (excepting licensed professional personnel employed as such) who are members in good standing of the BLET shall be considered as meeting the requirement of working at the craft within the jurisdiction for the purpose of retaining active membership and of being ruled eligible for election to office.

2. No Meeting Attendance Requirements

Neither the National Division nor a Local Division may enforce any meeting attendance requirement as a condition for establishing one's eligibility to run for any National Division Officer position.

3. Review of Eligibility

It is strongly recommended that each candidate for any National Division Officer position request that the National Secretary-Treasurer verify his/her eligibility for the position in question sufficiently in advance of nomination so as to permit verification prior to the date of nomination. Such request shall be made to the National Secretary-Treasurer in writing, and the National Secretary-Treasurer shall issue a report on eligibility, in writing, within ten (10) days of such request.

ARTICLE V CAMPAIGNING AND ACCESS

1. Use of Membership Lists

Each candidate has the right, once within thirty (30) days prior to the casting of ballots in any election in which he/she is a candidate, to inspect a list containing the last known names and addresses of all members of the Union who are eligible to participate in such election. The right of inspection does not include the right to copy the list but does include the right to compare it with a personal list of members. However, if the Union permits any candidate to copy the list, all candidates must be notified of this and provided the same opportunity. The Union shall not, in any way, discriminate in favor of or against any candidate with respect to access or use of the membership list.

2. Membership Meetings

(a) The following rules shall govern candidate access to membership meetings:

(i) No candidate may be denied access to any meeting of the General Committee of Adjustment or State Legislative Board to which he or she is a Delegate, or a Local Division to which he/she belongs as a member, or a regional meeting association; provided however, that the General Committee of Adjustment, State Legislative Board, Local Division, or regional meeting association need not grant such candidate the opportunity to address the meeting for the purpose of campaigning and may not do so, except as provided in subsection (a)(iii) below.

(ii) Those candidates who are not Delegates of a General Committee of Adjustment, or State Legislative Board, or who are not members of a Local Division need not be granted access to any meetings of said General Committee of Adjustment, State Legislative Board, Local Division, or regional meeting association, unless another non-Delegate or non-member candidate is granted such access. No candidate, whether a member or not, is permitted to address the General Committee of Adjustment, State Legislative Board, Local Division, or regional meeting association meeting for the purpose of campaigning, except as provided in subsection (a)(iii) below.

(iii) No BLET body is required to allot time for campaigning during any of its meetings. However, if campaigning during such meetings is permitted, the body shall notify all candidates for the positions for which such campaigning will be permitted of the opportunity to speak at least five (5) days prior to the meeting and shall divide the time equally between those candidates (or candidates' credentialed representatives) who request an opportunity to speak. The order of appearance shall be determined by lot.

(iv) No BLET body shall discriminate or permit discrimination in favor of or against any candidate in conjunction with its meetings or otherwise. This requirement shall apply not only to formal presentations by or on behalf of candidates but also to informal campaign activities, such as, for example, comments on candidates during meetings, literature distribution at and in/or around meetings, literature distribution tables, etc.

(b) Each candidate for National Division office has the right to request from a General Committee of Adjustment, State Legislative Board, or Local Division a list of the dates, times and places of its regularly scheduled general or special membership meeting(s), except meetings for limited purposes such as voting on contracts or strikes, handling of grievances, etc. Such request shall be made in writing to the General Committee of Adjustment, State Legislative Board, or Local Division Secretary-Treasurer or President and shall be responded to within five (5) days.

3. Candidate Literature and Mailings

(a) The following rules shall govern the publication and distribution of candidate literature:

(i) All candidates shall be afforded a reasonable opportunity to have campaign literature distributed by the Union, at the candidate's expense, provided the expense is paid to the Union in advance. This means: (a) each candidate is entitled to a reasonable number of mailings, whether or not any other candidate makes such request(s); (b) when the Union authorizes distribution of campaign literature on behalf of any candidate, similar distribution under the same conditions and costs shall be made for any other candidate, if requested; and (c) the Union will not distribute campaign literature for any candidate who is not able and willing to pay for the reasonable costs of

such distribution, and/or who does not demonstrate in a Supplemental CCER, if determined to be necessary by the National Secretary-Treasurer, that such payment will be made with money received from permissible contributions.

(ii) The Union will not distribute campaign literature to less than all ballot-qualified members.

(iii) The Union shall honor reasonable requests for distribution of literature by any lawful class or type of mail or postage, including, to the extent permitted by postal regulations, utilization of any nonprofit organization bulk-rate permit of the National Division or any other subordinate body of the Union. All literature distributed through use of the nonprofit organization bulk-rate permit shall clearly state that it is campaign literature, the contents of which are not endorsed by the Union.

(b) Any request for distribution of literature shall be made by the candidate to the National Secretary-Treasurer in writing, identifying a contact person for purposes of communicating regarding the candidate's or slate's distribution of literature, including the contact's residence address, residence telephone, cell phone, and email address. The request shall specify the class or type of mail or postage desired. The request shall be accompanied by at least one (1) copy of the literature or a compact disk or thumb/flash drive containing the literature (if the candidate wishes it to be duplicated by the Union), or by a number of copies sufficient for distribution to the entire membership (if the candidate duplicates the literature), or by a number of sealed envelopes, containing the literature, sufficient for distribution (if the candidate duplicates the literature and stuffs the envelopes). The written request also shall specify the desired mailing date for the distribution of literature, which shall not be less than ten (10) days from the date of receipt of the written request by the National Secretary-Treasurer. The National Secretary-Treasurer will issue a written acknowledgment of receipt to the designated contact person and also will notify the designated commercial printing/mailing service of the requested date; however, neither the National Secretary-Treasurer nor the designated commercial printing/mailing service shall guarantee that any mailing will occur on the requesting party's desired mailing date. Written requests for distribution of campaign literature that do not conform to the requirements of this paragraph will not be processed and will be returned to the requesting party.

(c) If requests for distribution of campaign literature are made, and the candidate does not ask the National Division to duplicate the campaign literature for mailing, sufficient quantities of the literature must be provided for all ballot-qualified members, which totals approximately 37,500. The copies may be any size.

(d) Each candidate shall pay, on a reasonable basis, for the actual cost of reproduction and distribution, including paper, envelopes, duplication, time required to do the work and postage for mailing. The National Secretary-Treasurer may formulate supplemental rules for the processing of all requests for dis-

tribution of literature that will minimize any interference with day-to-day operations of the Union.

(e) In complying with requests to mail literature, the Union shall use the addresses of record for all members in good standing. Mailing labels or an electronic file will be prepared through the least expensive system available to the Union, and then delivered to the designated commercial printing/mailing service.

(f) The Union shall exercise all reasonable efforts to ensure that each candidate's campaign literature is processed and distributed in a complete and prompt manner. The National Secretary-Treasurer shall notify the requesting party's contact person, by email or other means, of the date and time that the requesting party's literature will be duplicated (if requested), and otherwise processed by the designated commercial printing/mailing service, as well as the name, address and contact person for said service, so that an observer of the candidate or slate may be available to witness the distribution process, as provided in Article VII, Section 2.

(g) The Union may not censor, regulate, alter or inspect the contents of any candidate's campaign literature and may not refuse to process or distribute any such literature on the basis of its contents.

(h) The Union shall designate a commercial printing/mailing service for the National Election to process and distribute candidate literature, consistent with paragraph (b) of this section. The contact person for such vendor shall provide any requesting party with a good faith estimate of the cost for the entire mailing, including, as applicable projected costs for copying, processing, postage, labor, and supplies, and that amount shall be paid to the vendor by the requesting party prior to final processing of the request. Any additional charges by the vendor that are not covered by the deposit will be charged solely to the requesting party, and cannot be paid by the Union. Any deposited sums remaining after all processing and postage costs will be returned to the requesting party by the vendor. The vendor may not discriminate for or against any candidate or slate, and will handle all requests on a "first-come-first-served" basis to the extent practicable.

(i) Should the Union adopt any supplemental procedures needed to respond efficiently to any candidate or slate request for distribution of literature, it shall specifically advise all candidates and slates.

4. Union-Financed Publications

(a) No publication or communication financed, directly or indirectly, by the Union or any affiliate may be used to publish campaign-related editorials, articles, photos, or other related material, or paid campaign advertising that support or attack any candidate or the candidacy of any person during the election period, except as specifically provided in this Article.

(b) Pursuant to Article X of these Rules, any complaint regarding the use of a Union-financed newspaper or other publication or communication shall be directed to the Election Protest Committee, in writing, with a copy of the publication enclosed, within five (5) business days after the publication is received by the complaining party.

5. Subordinate Body Publications

Subordinate bodies are not required to reserve any space in any of their newspapers, magazines, publications or other written communications to members or to the Union for the purpose of campaigning, except:

(a) if any BLET subordinate body allows any candidate or slate (at the candidate's or slate's expense) to publish campaign material in its newsletters, magazines, publications or other written communications, the subordinate body must notify all other candidates and slates, and the National Secretary-Treasurer, in writing of this availability and provide them the same opportunity on an equal basis; or

(b) if, from July 1, 2013 through June 30, 2014, the subordinate body has accepted paid advertising for any of its newsletters, magazines, publications or other written communications to members or to the Union, any candidate or slate shall be permitted to pay for and place his/her/its campaign material in such publication at the same cost and under the same guidelines available to other advertisers, on a non-discriminatory basis.

In the application of the above two exceptions, and consistent with the prohibitions stated in Subpart 4 of this Article, subordinate body publications may not use such publications themselves to support or attack any candidate or candidacy of any person or slate. However, campaign material that is paid entirely by the candidate or any slate will be permissible in a subordinate body publication provided that the subordinate body complies with the requirements set forth above in Subparts 5(a) and 5(b).

6. Internet Campaigning

Pursuant to the authority of the National Secretary-Treasurer to distribute materials about the election, each accredited candidate or slate has the right to have campaign literature and/or websites accessible via a prominent link on the BLET website that reads "2014 Election Campaign Literature." Any candidate or slate

desiring such access shall notify the National Secretary-Treasurer in writing. The National Secretary-Treasurer shall have the authority to limit the use of such link, consistent with these Rules, to ensure a fair, honest, open and informed election.

7. Freedom to Exercise Political Rights

(a) All Union members retain the right to participate in campaign activities, including the right to run for office, to support or oppose any candidate or slate, to aid or campaign for any candidate or slate, and to make personal campaign contributions. This includes, but is not limited to, the right to distribute campaign literature (and otherwise to solicit support for a member's candidacy) outside a meeting hall before, during and after a Union meeting. This Rule supersedes any contrary Union policy, rule or practice.

No candidate or member may campaign during normal business hours, or during his/her working hours, if different. Campaigning incidental to work does not violate this section. Neither does campaigning during paid vacation, paid lunch hours or breaks, or similar paid time off.

(b) All Union officers and employees, if members, retain the right to participate in campaign activities, including the right to run for office, to support or oppose any candidate or slate openly, to aid or campaign for any candidate or slate, and to make personal campaign contributions. However, such campaigning must not involve the expenditure of Union funds. An endorsement of a candidate or slate may be made by a Union officer or employee, but solely in his/her individual capacity, and must state in any publication of such an endorsement that the endorser's office or position is listed "for identification purposes only." The Union, a GCA, a State Legislative Board, a Regional Meeting Association, or a Local Division as such, or the Advisory Board or any Board of any such entity may not endorse or otherwise advance a candidacy, even if all members agree on the endorsement or candidacy.

ARTICLE VI SLATES

1. Formation

(a) Each candidate shall have the right in conformity with this Article to declare his or her candidacy, seek nomination, be nominated, campaign and appear on the ballot for any National Division Officer position as a member of a slate of candidates, regardless whether the slate is full or partial. No candidate shall be compelled to run as a member of a slate, nor shall any candidate be permitted to run on more than one slate.

(b) To form a slate, there shall be mutual consent between and among all candidates running on the slate. Such mutual consent shall be evidenced by the signing of a declaration by all members of the slate, giving the position being sought by each candidate and the name of the slate to be formed. Slate declaration forms will be made available by the National Secretary-Treasurer. Signed forms for the nominations and election shall be submitted to the National Secretary-Treasurer, and the filing of such forms shall fulfill the requirements of Article II, Section 1 of these Rules. Amended declarations may be submitted adding additional candidates, provided that the deadlines specified in Subsection (c) below are met.

(c) Slate declarations shall be filed at the earliest possible date but in no event later than 5:00 p.m. PDT on September 30, 2014. The slate declaration shall include the designation of a treasurer for the slate. The slate treasurer must be a member of the Union, but need not be a candidate.

2. Limitations

(a) Once a candidate declares his/her intent to run as a member of a slate, he/she may not retract such declaration unless all members of the slate agree.

(a) The number of candidates on a slate shall not exceed the number of positions open for election.

ARTICLE VII OBSERVERS

1. General Rules

(a) Each candidate or slate appearing on the ballot shall have the right, at his/her/its expense, to designate at least one (1) observer to be present at each and every phase of the election process, as explained in further detail below. Such designation shall be submitted to the National Secretary-Treasurer in writing. Such observer shall be a candidate or a member in good standing of the BLET.

(b) The National Secretary-Treasurer may limit the number of observers otherwise permitted for each candidate where security, space limitations or other considerations so require. All candidates shall be treated without discrimination.

(c) The National Secretary-Treasurer shall provide reasonable notice to all candidates and slates of the dates, times and places of all events or activities which candidates may have the right to observe.

(d) Time spent observing shall be considered as time spent on Union business. Therefore, upon written request of any observer, the appropriate Union officer shall so certify to such observer's employer. No observer shall use this privilege for the purpose

of campaigning.

2. Processing and Distribution of Candidate Literature

Observers shall be permitted to observe the processing and distribution of campaign literature for his/her candidate. This shall include the opportunity to observe the duplication of the literature, the stuffing of the envelopes, the placement of the mailing labels or the members' names and addresses, and the postage on the envelopes. Should an observer claim that a member's address is incorrect or that a member eligible to receive a ballot has been omitted from the mailing, such address shall be corrected and/or the member included in the mailing. Observers shall be permitted to accompany and observe any delivery of the literature to a mailing service and/or the delivery of the literature to the post office.

3. Printing and Pre-Election Handling of Ballots

Observers shall be permitted to inspect the ballot prototype prior to printing and the printer's certification of the number of ballots printed.

4. Mail Ballots

Observers shall be permitted to observe the entire mailing process. Observers shall be permitted to accompany the ballots to the post office and to observe their mailing.

Observers shall be permitted to be present at the time(s) when those ballots returned as undelivered are picked up from the prescribed post office box and when the envelopes containing those ballots are inspected and counted. Observers shall further be permitted to be present when the cast ballots are picked up from the post office box and to accompany the transfer of such ballots to the location where they are to be counted. Notice shall be given to all affected candidates of the times of such mail ballot pick-ups.

5. Observation of Election Count

Observers shall be permitted to be present at the vote counting location and to observe the election count. Observers may challenge the eligibility of any voter to vote.

Observers shall not interfere with the AAA or the AAA's representatives in the performance of their duties.

The right to observe includes the right to inspect the opening and set up of the counting machine(s), if any, before the count of the ballots commences, to observe the verification of the eligibility of members who have cast ballots, the determination of eligibility of those members whose right to vote is challenged, the opening of the return ballot envelopes, the count of the votes, and the recording of the final vote count and the counting of the unused, voided and spoiled ballots. Observers shall be permitted to remain with the ballots from the time the count commences until the ballots are counted, including overnight if necessary (at the observer's own expense).

ARTICLE VIII CAMPAIGN CONTRIBUTIONS AND DISCLOSURE

1. Campaign Contributions

(a) Article IV, Section 4 of the IBT Constitution, as amended, provides:

"No candidate for election shall accept or use any contributions or other things of value received from any employers, representative of an employer, foundation trust or any similar entity. Nothing herein shall be interpreted to prohibit receipt of contributions from fellow employees and members of this Union. Violation of this provision shall be grounds for removal from office."

The above provision is hereby made a part of these Rules. However, the foregoing provision does not relieve candidates and contributors of any obligations or prohibitions under the Labor-Management Reporting & Disclosure Act of 1959, as amended ("LMRDA").

(b) Permitted Contributions

(i) Only contributions which are properly solicited, made, accepted and reported under these Rules may be expended or used by candidates or slates for the National Election. Contributions received in the sum of twenty-five dollars (\$25.00) or less are considered *de minimis* under these Rules, and need not be reported by any candidate or slate. However, numerous small contributions from the same contributor which in the aggregate exceed \$25.00 may not be used to avoid coverage of this Rule.

(ii) Candidates and slates may accept contributions made by any member, provided that the contribution comes solely from the member as an individual, and not from a person or entity that is prohibited from making campaign contributions under these Rules, and provided further that the member has not reached the contribution limits set forth below.

(iii) A candidate may contribute: up to \$5,000, in total, to his or her campaign (not including legal and accounting contributions); up to \$1,000 to other individual candidates; and up to \$5,000

to a slate or a combination of slates; BUT in no case shall a candidate contribute more than \$10,000, in total, for use in the Election (not including legal and accounting contributions).

(iv) A member who is not a candidate for National Division Office may contribute up to \$1,000, in total, for use in the National Election (not including legal and accounting contributions). This total may be split amongst separate contributions to multiple candidates.

(v) Candidates and slates may accept contributions made by any caucus or group of Union members, slate, independent committee, or campaign organization of any candidate or slate, provided:

A. such caucus, group of Union members, slate, independent committee, or campaign organization is itself financed exclusively from contributions which are permitted and properly reported under these Rules;

B. contributions under this subsection from any caucus or group of Union members, independent committee, or campaign organization of any candidate or slate do not exceed the sum of \$1,000 for any individual candidate, or exceed the sum of \$5,000 for any slate of candidates; and

C. such entity does not contribute more than \$10,000, in total, for use in the National Division Officers election (not including legal and accounting contributions).

If a caucus or group of Union members (including an independent committee under the Rules) receives contributions or funding from sources prohibited under the Rules, such as foundations or labor organizations, the caucus or group may still make campaign contributions if it: (1) properly allocates and segregates resources obtained from prohibited sources from those received from permissible sources under these Rules; and (2) uses only the resources obtained from permissible sources under these Rules for campaign activities.

(vi) Any contributions a candidate receives from someone in the candidate's family who is not a BLET member shall count toward the candidate's contribution limits, as if the candidate himself or herself made the contribution. Such contributions also will count toward the member's contribution limits.

(vii) Campaign contributions deposited into an individual candidate's campaign account, upon such deposit, become the funds of that individual candidate and may be used in any manner permissible under these Rules. Thus, that individual candidate may, if he or she so wishes, give or transfer funds held in his or her individual campaign account to any slate campaign account, provided that the total amount given or transferred by that individual candidate does not exceed the contribution limits set forth above, and provided further that such individual candidate properly reports the contribution on all appropriate Campaign Contribution and Expenditure Reports and related forms.

(viii) Candidates or slates may accept the donation of services by an individual who is not an employer, provided such services are rendered on the individual's personal free time without compensation in any form by an employer or labor organization and without accompanying contributions of supplies or of services of others who are compensated by an employer or labor organization for such services.

(ix) Candidates and slates are strictly liable to insure that each contribution received is permitted under these Rules. It is the responsibility of each candidate, slate, caucus, member group, independent committee and campaign organization to make certain that all contributions, whether in cash or by check, are made only by members. Contributions shall not be deposited or used until the membership status of the contributor is confirmed, though contributions from persons whose eligibility has not been verified may be deposited into an escrow account established for this purpose. The National Secretary-Treasurer's office shall, upon request, promptly respond to questions as to membership based on National Division records.

(c) Prohibited Contributions and Conduct

(i) No employer (or association of employers) may contribute, or shall be permitted to contribute, directly or indirectly, anything of value, where the purpose, object or foreseeable effect of the contribution is to influence, positively or negatively, the election of a candidate or slate. No candidate or slate may accept or use any such contribution. These prohibitions are not limited to vendors that have or seek to have contracts with the Union; they extend to every employer, regardless of the nature of the business and include, but are not limited to, any political action organization that employs any staff, any nonprofit organization, such as a church or civic group that employs any staff, and any law firm or professional organization that employs any staff. These prohibitions extend beyond strictly monetary contributions made by an employer and include con-

tributions or use of employer supplies, stationery, equipment, facilities and personnel.

(ii) No interested employer (or association of employers of which an interested employer is a member), and no vendor that has performed work for the IBT or BLET or any one of its subordinate bodies within the preceding twelve (12) months may contribute, and no candidate or slate may accept, financial support or service to any candidate or slate, for any purpose whatsoever (including to pay fees for legal and accounting services).

(iii)

A. No labor organization, including but not limited to the IBT, the BLET National Division, General Committees of Adjustment, State Legislative Boards, or Local Divisions and all other subordinate Union bodies, whether or not also an employer, may contribute, or shall be permitted to contribute, directly or indirectly, anything of value, where the purpose, object or foreseeable effect of the contribution is to influence, positively or negatively, the election of a candidate or slate. No candidate or slate may accept or use any such contribution. These prohibitions extend beyond strictly monetary contributions made by a labor organization and include contributions and use of organization supplies, stationery, equipment, facilities and personnel.

There are two limited exceptions to this Rule: (1) Union funds, facilities, equipment, supplies, stationery, personnel, etc., may be used to assist in campaigns if the Union is compensated at fair market value for such assistance, and if all candidates and slates are provided with equal access to such assistance and are notified in advance, in writing, of the availability of such assistance. (2) Union officers and employees provided with Union-owned or leased cars, if otherwise afforded the right to utilize those cars for personal activities, may use the cars for campaign activities, provided no costs or expenses incurred as a consequence of such use are paid out of Union funds or other prohibited sources

B. The use of the Union's official stationery with the Union's name, insignia or other mark identifying the Union is prohibited, irrespective of compensation or access. Candidates and slates are authorized to reproduce and use the trade names "Brotherhood of Locomotive Engineers and Trainmen" and "BLET" in their slate names and/or campaign material, as well as the BLET's official marks, labels and other insignia, including the Union's logo, provided that: (a) such candidate or slate confirms in writing that its temporary, non-transferable, and limited use of any of the above is solely for purposes of the National Election, and otherwise complies with NDR Sections 40(a) and 40(b); and (b) such use does not bring reproach upon the Union, its subordinate bodies, or any member. Further, in any written material used by any campaign that includes a reference to any trade name or the BLET's official marks, labels and other insignia, including the Union's logo, such written material shall include a legend at the bottom of all such material, in no less than 10 point italicized print, which states the following: *"Use of the BLET logo or trade names does not signify support for, or endorsement of any candidate or slate by the BLET, and is being used only for identification purposes."*

(iv) No nonmember may contribute, or shall be permitted to contribute, directly or indirectly, anything of value, where the purpose, object or foreseeable effect of the contribution is to influence, positively or negatively, the election of a candidate or slate; no candidate, slate, or independent committee, nor anyone acting on behalf of a candidate slate or independent committee, may solicit or accept financial support, or any other direct or indirect support of any kind, from any nonmember, except as permitted in subparagraph (d) below. (Nonmember does not include a person in a candidate's family, except a family member who is otherwise ineligible to contribute under these Rules. Persons in the families of members who are not candidates may not contribute unless they themselves are members of BLET.)

(v) Prohibited contributions must be returned promptly. Within three (3) days of the return of any contribution, the candidate or candidate's or slate's campaign returning the contribution shall provide to the National Secretary-Treasurer an affidavit identifying the original source and date of the contribution being returned, the amount of the returned contribution, the person to whom or entity to which the contribution was returned and the date on which the contribution was returned.

(vi) No member may campaign for him/herself or for any other candidate or slate during time that is paid for by the Union or by any employer. However, campaigning incidental to work or regular Union business or during paid vacation, paid lunch hours or breaks, or similar paid time off is not in violation of the campaign contribution rules.

(d) Payments for Legal or Accounting Services

(i) Except as provided herein, the rules in subparagraph (c) above do not prohibit a candidate's or slate's solicitation or use of financial support or services from nonmembers, disinterested employers, foundations or labor organizations to pay fees for legal or accounting services performed in assuring compliance with applicable election laws, rules or other requirements or in securing, defending or clarifying the legal rights of candidates or slates, if and only to the extent such contributions are received in response to solicitations specifically requesting such funds or services or are contributions so earmarked by the contributor at the time the contribution is made.

(ii) No candidate, or member who is not a candidate, shall contribute more than \$5,000, in total, for use in the National Election to pay fees for legal and accounting services performed in assuring compliance with applicable election laws, rules or other requirements or in securing, defending, or clarifying the legal rights of candidates.

(iii) No nonmember, disinterested employer, foundation or labor organization may contribute more than \$5,000, in total, to pay for such legal and accounting services. A candidate or slate may not accept or use more than \$5,000, in total, in contributions from any nonmember or entity to the election to pay for such legal and accounting services.

(iv) Nothing herein shall prevent or limit legal or accounting professionals (whether or not Union vendors) from making, or a candidate or slate from accepting or using, an in-kind contribution of legal or accounting services, so long as such services are provided solely for assuring compliance with applicable election laws, rules or other requirements or for securing, defending or clarifying the legal rights of candidates or slates.

(v) In the event that a candidate demonstrates to the National Secretary-Treasurer that the \$5,000 limit on contributions to pay for legal and accounting services set forth in subparagraph (ii) and (iii) prevents the candidate or slate from instituting an action in any Court, or in a proceeding before any administrative agency, the National Secretary-Treasurer has the authority to waive or increase the \$5,000 limitation, or to take other appropriate action.

(e) Loans, Extensions of Credit, etc.

If a candidate or a candidate's or slate's campaign incurs a debt by loan, extension of credit, deferred payment terms, contingency fee arrangement or the like and fails to pay the debt, the debt shall be deemed a contribution made by the creditor to the candidate or candidate's or slate's campaign, unless the creditor has made a commercially reasonable attempt to collect the debt. Whether or not a debt is settled, the candidate or the candidate's or slate's campaign, as the case may be, shall file a debt statement with the National Secretary-Treasurer in his/her/its fifth Campaign Contribution and Expenditure Report ("CCER"), described in Section 2 of this Article. The statement must indicate the amount initially owed, the date the debt was incurred, the amount paid, the terms of the debt settlement, if any, and the basis for any reduction. The candidate or slate shall attach to the statement copies of all contracts or written agreements concerning the provision of goods or services for which the debt was incurred, all bills therefor, all checks for payment of the bill and/or debt and all receipts evidencing payment of any and all parts of the debt. Until paid in full or forgiven, all activity regarding a debt under this subsection shall continue to be reportable under Subsection 2.

(f) Strict Liability.

(i) Candidates and slates are strictly liable to insure that each contribution received is permitted under these Rules. Ignorance by a candidate, slate, union and/or an employer that union or employer funds or other resources were used to promote a candidacy shall not constitute a defense to an allegation of a violation of these Rules.

(ii) It is strongly recommended that each candidate or slate notify all prospective contributors of the limitations on campaign contributions prescribed in this Article; that all candidate or slate campaign literature soliciting contributions specifically state that no contributions by employers, labor organizations or nonmembers may be made or accepted; that such campaign literature specify the applicable contribution dollar limits; and that similar disclaimers be issued at all fund-raising events.

(iii) The remedy that may be imposed by the Election Protest Committee in resolving any protest concerning a candidate's or campaign's receipt or use of improper contributions will be influenced by the manner in which the contribution was solicited and/or accepted, and by whether an appropriate disclaimer was contained in, or issued at the time of, the solicitation.

2. Financial Disclosure Requirements

(a) Who must file

A Campaign Contribution and Expenditure Report ("CCER" or "Report") and a Supplemental Form

No. 1: Permitted Employer and Labor Organization Contributions and Associated Expenditures for Legal and Accounting Services ("Supplemental Form No. 1"), available from the National Secretary-Treasurer, shall be filed with the National Secretary-Treasurer, by certified or registered mail, on the schedule set forth in this Article, by each of the following:

(i) Every Union member who is a candidate for National Division office, or slate on behalf of such candidate, including any member who has received or solicited any contributions, whether of money or of any other thing of value, or made any expenditures, where the purpose, object or foreseeable effect of any such contribution or expenditure is to influence the election of that member as a National Division Officer, whether or not such member is as yet declared, accredited or nominated as a candidate; and

(ii) Every caucus, member group, campaign organization or independent committee which has received or solicited contributions in excess of \$1,000, whether of money or of any other thing of value, or made expenditures in excess of \$1,000, whether of money or of any other thing of value, where the purpose, object or foreseeable effect of any such contribution or expenditure is to influence the election of one or more National Division Officer candidates, whether or not any such candidate is declared, accredited or nominated at the time the contribution is made.

To the extent a caucus, member group, committee or campaign organization is controlled by a candidate or slate, the person or entity is not an independent committee and shall be deemed part of the candidate's or slate's campaign. Receipts and expenditures of such shall be reported by the candidate or slate in each Report and Supplemental Form No. 1 filed by the candidate or slate.

(b) Required Record Keeping

It is the responsibility of each candidate, slate, caucus, member group, independent committee and campaign organization to keep records sufficient to demonstrate compliance with these Rules, including but not limited to records of each reportable transaction. Such record keeping must include the name and Local Division number of every contributor and the amount of each contribution, including income from sales of campaign paraphernalia. Records of all invoices and bills must also be maintained. Each candidate and slate is subject to audit by the National Secretary-Treasurer upon notice.

(c) What Must Be Filed

Reporting forms will be available from the National Secretary-Treasurer. Use of these forms or exact replicas in size 8½ inches by 11 inches is mandatory. The National Secretary-Treasurer may issue a Supplemental Rule providing for, or requiring, the secure electronic filing of the Report, Supplemental Form No. 1 and Vendor Report.

Each candidate and slate listed in Subsection (a)(i) above, and each caucus, member group, independent committee or campaign organization ("other entity") listed in Subsection (a)(ii) above must file both the Report and Supplemental Form No. 1. Supplemental Form No. 1 must be filed even if such candidate, slate, or other entity does not solicit or receive any earmarked legal and accounting contributions from nonmembers, employers or labor organizations. Similarly, even if such candidate, slate, or other entity solicits or receives only contributions from nonmembers, employers or labor organizations earmarked for legal and accounting services, that candidate, slate, or other entity must file a Report.

Each Report and Supplemental Form No. 1 filed by an individual member of the Union must be signed by that member. Each Report and Supplemental Form No. 1 filed by a slate must be signed by the formally designated treasurer of the slate. Each Report and Supplemental Form No. 1 filed by any other entity must be signed by a formally designated representative of such entity.

A candidate, slate or independent committee that pays or contracts for goods or services for the National Election in an aggregate amount of \$5,000 or more from a vendor that has performed work for the BLET or IBT or any of its subordinate bodies within the preceding twelve (12) months, shall file a disclosure ("Vendor Report"), on a form provided by the National Secretary-Treasurer, which shall set forth the terms of the agreement or payment and the identity of the BLET or IBT bodies for which the vendor has worked. Such disclosure does not apply to banks, telephone companies, utility companies or the United States Postal Service. Vendor reports shall be filed with the National Secretary-Treasurer, who shall make them available to candidates or observers under the same terms and conditions that apply to campaign financing and expenditure reports.

(d) When Filings Must Be Made

(i) The following schedule shall apply to the filing of Campaign Contribution and Expenditure Reports ("CCERs") and Supplemental Form No. 1:

(A) On or before January 15, 2014, each such member, slate, caucus, member group, independent committee, and campaign organization shall file a CCER and Supplemental Form No. 1 for the period from July 1, 2013 through December 31, 2013. This first CCER

must include all requested information retroactive to the first contribution and the first expenditure for the National Election. Each succeeding CCER must include all requested information not included in prior CCERs.

(B) On or before April 15, 2014, each such member, slate, caucus, member group, independent committee campaign organization shall file a CCER and Supplemental Form No. 1 for the period January 1, 2014, through March 31, 2014.

(C) On or before July 15, 2014, each such member, slate, caucus, member group, independent committee or campaign organization shall file a CCER and Supplemental Form No. 1 for the period April 1, 2014, through June 30, 2014.

(D) On or before October 15, 2014, each such member, slate, caucus, member group, independent committee or campaign organization shall file a CCER and Supplemental Form No. 1 for the period July 1, 2014, through September 30, 2014.

(E) On or before January 15, 2015, each such member, slate, caucus, member group, independent committee or campaign organization shall file a CCER and Supplemental Form No. 1 for the period October 1, 2014, through December 31, 2014.

(F) Thereafter, each such member, slate, caucus, member group, independent committee or campaign organization shall file, no later than the fifteenth (15th) day of the month following the end of each succeeding calendar quarter, a CCER and Supplemental Form No. 1 for said calendar quarter in which there is any reportable financial activity or in which any balance remains in either the campaign fund or the legal and accounting services fund, or in which there are any loans outstanding.

(G) On such subsequent date(s) as the National Secretary-Treasurer may determine, each such member shall file a CCER and Supplemental Form No. 1 for such subsequent period(s) as the National Secretary-Treasurer may determine.

(H) The National Secretary-Treasurer may adjust the above schedule for filing campaign financing and expenditure reports if he/she deems it appropriate to do so.

(ii) If there are funds remaining in a candidate's, slate's, or independent committee's campaign fund or legal and accounting fund after the conclusion of the election and final resolution of any challenges thereto, said excess funds shall be returned to contributors or donated to charity. If such funds are returned to contributors, they must be pro-rated so that each individual contributor to the candidate or slate receives a pro-rated portion of the remaining funds. If such funds are donated to charity, it must be to a bona-fide charity under Section 501(c)(3) of the Internal Revenue Code, as amended. All candidates, slates, and independent committees with remaining balances in either their campaign funds or legal and accounting funds shall, after disposing of such funds in the manner outlined above, furnish written confirmation of such disposition (including full details of the return or donation) by filing a final CCER and Supplemental Form No. 1 with the National Secretary-Treasurer.

(e) Inspection of Filed Disclosure Reports
Upon written request, the National Secretary-Treasurer shall advise any member whether any candidate (whether or not declared, accredited or nominated) or slate identified by the member has made a filing under this Article.

Each accredited candidate shall have the right to inspect and obtain copies, subject to a reasonable charge determined by the National Secretary-Treasurer, of any campaign financing and expenditure reports and/or vendor reports filed by other candidates, slates, caucus, member group or campaign organization, upon reasonable request at the National Division headquarters prior to and including September 19, 2014, and after October 6, 2014, or at the site of the National Convention between September 22 and October 2, 2014, upon such reasonable terms and conditions as the National Secretary-Treasurer may establish for processing such requests. The National Secretary-Treasurer, in his discretion, may require candidates or slates to transmit copies of their campaign financing and expenditure reports and vendor reports to other candidates or their representatives.

ARTICLE IX RIGHTS AND DUTIES UNDER THE LABOR MANAGEMENT REPORTING & DISCLOSURE ACT OF 1959

The following sections of the Labor-Management Reporting and Disclosure Act of 1959, as amended ("LMRDA"), 29 U.S.C. Sections 401–531 (1988) are incorporated into and made a part of these Rules:

- LMRDA Section 101(a)(1) (equal rights and privileges);
- LMRDA Section 101(a)(2) (freedom of expres-

sion and assembly);

- LMRDA Section 104 (right to inspect or receive copy of collective bargaining agreements);
- LMRDA Section 401(c) (distribution of campaign literature; prohibition against discrimination in use of union membership list, inspection of membership list, safeguards to insure fair election);
- LMRDA Section 401(e) (reasonable opportunity to nominate, eligibility to hold office, voting and campaigning without interference or reprisal, notice of election, right to vote, preservation of election records, following union constitution and bylaws where consistent with LMRDA);
- LMRDA Section 401(g) (prohibition on use of union or employer assistance in campaigning); and
- LMRDA Section 609 (prohibition on union discipline for exercising rights under LMRDA).

Article VIII, Section 1(c)(i) of these *Rules* imposes an absolute prohibition against any “employer” making any campaign contributions, stating, in relevant part, that “[n]o employer (or group of employers) may contribute, or shall be permitted to contribute, directly or indirectly, anything of value, where the purpose, object or foreseeable effect of the contribution is to influence, positively or negatively, the election of a candidate or slate. ... These prohibitions extend beyond strictly monetary contributions made by an employer and include contributions or use of employer supplies, stationery, equipment, facilities and personnel.” Moreover, NDR Section 48 expressly incorporates the LMRDA Section 401(g) (29 U.S.C. §481(g)), prohibition that no monies of an employer “shall be contributed or applied to promote the candidacy of any person in any election subject to the provisions of this subchapter.” The U.S. Department of Labor (“DOL”) has issued regulations — published at 29 C.F.R. §452.78 — to carry out this statutory prohibition, which state in relevant part, that “... no money of an employer is to be contributed or applied to promote the candidacy of any person in an election subject to the provisions of title IV. This includes indirect as well as direct expenditures. ... The prohibition against the use of employer money includes any costs incurred by an employer, or anything of value contributed by an employer, in order to support the candidacy of any individual in an election.”

All of the above contemplate that no employer shall take any action, or otherwise have any role whatsoever, that promotes or opposes the candidacy of any person in an election for union office, directly or indirectly, where the purpose, object or foreseeable effect is to influence, positively or negatively, the election of a candidate or slate. This prohibition extends beyond the monetary contribution rule set forth in the statute, DOL regulations and Article VIII of these *Rules*. It includes public acts by “employers” wherein candidates, incumbent or otherwise, are publicly disparaged or portrayed in a negative light. In this regard, it should be clearly noted that employers **do not** enjoy the rights and privileges to exercise political rights afforded to union members under Title I of the LMRDA, and as provided in NDR Section 48 and in Article V, Section 7 and this Article of the *Rules*. In point of fact, employers are prohibited from participating in the process **in any manner**.

In the application of these *Rules* during the administration of the 2014 National Division Officer Election, which will continue until the election process is completed, all members, candidates, slates, interested parties, and particularly “employers,” — as that term is defined in these *Rules* — are cautioned to be aware and forewarned that the above-stated prohibitions against employer involvement in this election will be interpreted very broadly in the handling of any protest or complaint brought in this election that alleges same. This is necessary to insure a fair, honest, open and informed election, as required by BLET and federal law. Any interference by an employer that is found in this election, as described by the above standards, however directly or indirectly, and whether intentionally or unintentionally, will be considered a violation of these *Rules* and a presumptive violation of federal law, which will be prosecuted through a complaint with DOL pursuant to 29 C.F.R. §452.135.

Insofar as the foregoing sections of the LMRDA may regulate conduct unrelated to nominations or election of National Division Officers, they are not incorporated into these *Rules* and shall not be enforced in this election.

ARTICLE X PROTEST AND APPEAL PROCEDURES; REMEDIES

1. Right to File Protests

Any candidate, member, General Committee of Adjustment, State Legislative Board, or Local Division may file a protest with the Election Protest Committee (“EPC”) alleging noncompliance with these *Rules*, or appeal to the Advisory Board any decision of the EPC concerning a protest, free from any direct or indirect retaliation or threat of retaliation by any Union officer, member, candidate or by any other person or entity for such filing. With respect to any protest, it shall be the burden of the complainant to present a preponderance of reliable evidence that a violation has occurred. No protest of any person or entity shall be considered if such person or entity, or

anyone acting under their direction or control or on their behalf, caused or significantly contributed to the situation giving rise to such protest.

2. Pre-Election Protests

Pre-election protests shall be processed in the following manner:

(a) Protests regarding violations of the LMRDA (including violations of the IBT Constitution or BLET Bylaws) allegedly occurring prior to the date of issuance of these *Rules* and protests regarding any conduct allegedly occurring within the first twenty-eight (28) days after issuance of these *Rules* must be filed within thirty (30) days of the date of issuance of these *Rules*, or such protests shall be waived.

(b) All other pre-election protests (except those concerning the eligibility of a candidate to run for National Division office) must be filed within five (5) business days of the day when the protestor becomes aware or reasonably should have become aware of the action protested or such protests shall be waived; these include, by way of example only, the following:

(i) protests regarding alleged failures to provide proper access to the membership, including, e.g., alleged violations of these *Rules* regarding access to collective bargaining agreements, union meetings, or employer premises;

(ii) protests regarding alleged improper or inequitable treatment of the candidate or his/her supporters by the BLET National Division or any subordinate body of the Union, by any other labor organization or by an employer, including improper handling of the candidate’s request for mailings by the Union, improper or inequitable denial of access to the membership or to relevant information by the Union, by any other labor organization or by an employer, and improper or inequitable aid or support, financial or otherwise, given or denied a candidate or his/her supporters by the Union, by any other labor organization or by an employer;

(iii) protests regarding alleged improper contributions, application or use of nonmember, employer or labor organization funds or other resources; and

(iv) protests regarding alleged improper pre-election threats, coercion, intimidation, acts of violence or retaliation for the exercise of rights protected by these *Rules*.

(c) Protests concerning the eligibility of a candidate to run for National Division office must be filed with the IBT General President or his designee “in writing, within forty-eight (48) hours after receipt of the [eligibility] ruling” pursuant to Article XXII, Section 5(a) of the IBT Constitution.

(d) All protests concerning pre-election conduct shall be filed by sending a clear and concise written statement of the alleged improper conduct to both the EPC, at the National Division headquarters, and to the affiliate(s) involved. The protest should identify by name, address and telephone number each person who or entity which is or may be a subject of the protest. This statement shall be delivered by personal delivery, overnight mail or by facsimile transmission with a copy sent by regular mail immediately thereafter, within the time limits prescribed by these *Rules* and shall include the name(s), address(es), telephone number(s), electronic mail address(es), and Local Division number(s) of the complainant(s).

(e) The EPC shall provide a copy of the protest to any person who or entity which it determines may be a subject of the protest, decision or remedy. Each such person or entity shall have the opportunity to present evidence and/or legal argument to the EPC.

(f) The EPC shall evaluate the protest and shall:

- determine the merits of the protest and, if found meritorious, determine the appropriate remedy within fourteen (14) days of receipt, unless the protest was filed pursuant to Section 2(a) above, in which case the EPC shall determine the protest within twenty-one (21) days of docketing; or
- defer making a determination until after the election and thereby treat the matter as a post-election protest pursuant to Section 3 of this Article, as if such protest were filed on Election Day.

(g) The EPC shall have the authority to obtain information necessary to assist in resolving any protest, or to have the National Division obtain and provide such information. The Union (including subordinate bodies) and all members, and candidates, are required to cooperate with the EPC. Failure to cooperate with the EPC may result in the filing of Article XIX charges against the non-cooperative individual or affiliate.

(h) The EPC shall notify the complainant(s), the Union(s) involved, any candidate(s) adversely affected, and/or any person(s) who or entity(ies) which is/are the subject of the protest of the decision or remedy within the time limit prescribed by this Section.

(i) The complainant(s), the affiliate(s) involved, if any, any adversely affected candidate(s), or any other person who or entity which is aggrieved by the determination of the protest may, within two (2) business days of receipt of the decision, appeal the EPC’s decision to the Advisory Board. The appeal shall be made in writing and shall specify the basis for the appeal and the error(s) alleged to have been committed by the EPC. The appeal shall be transmitted to the Advisory Board at the National Division headquar-

ters, to the EPC, and to all other parties to the dispute by personal delivery, overnight mail, or facsimile transmission with a copy sent by regular mail immediately thereafter, within the time limit prescribed above, and said appeal shall include a copy of the original protest attached.

(j) If no timely appeal is taken from the determination of the EPC, that determination shall be final and binding.

(k) The Advisory Board shall have the authority to conduct, or have a designee conduct, a hearing concerning any matter appealed to it or to decide the matter without a hearing based on written materials submitted. In deciding whether to conduct a hearing, the Advisory Board shall consider the seriousness of the violation(s) alleged in the protest. If the Advisory Board decides to conduct a hearing concerning a matter appealed to it, it shall commence and conclude the hearing within five (5) calendar days after receiving the appeal at a location and in a manner that it determines most appropriate to elicit fully all relevant facts and information necessary to determine the appeal. The following individuals may participate in the hearing: the complainant(s) and/or her/his representative(s); any representative(s) of any affiliate(s) involved; any person who or entity which is the subject of the decision or remedy involved and/or her/his/its representative(s); the EPC or one of its representative members; the person(s) filing the appeal, if other than the complainant(s), and/or his/her/their representative(s); and any other person who obtains permission from the Advisory Board or its designee.

At each such hearing, the EPC or its representative shall present to the Advisory Board or its designee a summary of the original determination, including a statement of the facts found, the resolution reached and the basis for that resolution.

(l) Within ten (10) calendar days from the Advisory Board’s receipt of the appeal or from the conclusion of the hearing, whichever occurs later, unless the Advisory Board determines that more time is warranted in the circumstances, the Advisory Board shall issue a written decision, making whatever findings and ordering whatever relief is appropriate to resolve the appeal. In issuing a decision concerning matters appealed under these *Rules*, the Advisory Board shall give due consideration to any time exigencies that may be brought to its attention by the parties. The Advisory Board’s decision shall be sent to the complainant(s), the affiliate(s) involved, if any, the EPC, any candidate(s) adversely affected by the decision, any person who or entity which is the subject of the appeal decision or remedy, and any other person who or entity which, with permission of the Advisory Board, participated in the appeal. The decision shall be effective upon issuance.

3. Election Day and Post-Election Protests

Protests concerning Election Day or post-Election Day conduct (“post-election protests”) shall be processed in the following manner:

(a) Protests regarding any alleged improper Election Day or post-Election Day conduct or event must be filed within seventy-two (72) hours of the announcement of the election results of the National Division Officers election.

If the above time limits are not met, the protest shall be deemed waived.

(b) Post-election protests shall only be considered and remedied if the alleged violation may have affected the outcome of the election, except that any timely protest alleging improper threats, coercion, intimidation, acts of violence or retaliation for exercising any right protected by these *Rules* shall be considered and remedied without regard to whether the alleged violation affected the outcome of an election.

(c) All post-election protests shall be filed by sending the EPC and the affiliate(s) involved, if any, a clear and concise written statement of the alleged improper conduct, including a statement explaining how such conduct may have affected the outcome of the election. Such statement shall be delivered to the EPC and the affiliate(s) involved, if any, by personal delivery, overnight mail, or facsimile transmission with a copy sent by regular mail immediately thereafter, within the time limits prescribed by Subsection 3(a) above and shall include the name(s), address(es), telephone number(s), electronic mail address(es), and Local Division number(s) of the complainant(s). The protest should identify by name, address and telephone number, each person who or entity which may be a subject of the protest.

(d) The EPC shall provide a copy of the protest to any person who or entity which the EPC determines may be a subject of the protest, decision or remedy. Each such person or entity shall have the opportunity to present evidence and/or legal argument to the EPC.

(e) The EPC shall evaluate the protest and, within ten (10) days of the filing of a protest shall determine the merits of the protest and, if found meritorious, determine the appropriate remedy.

The EPC shall notify the complainant(s), the Union(s) involved, if any, any candidate(s) adversely affected, any person who or entity which is the subject of the decision or remedy and the Advisory Board of its decision within the time limits prescribed above.

(f) The complainant(s), the affiliate(s) involved, if any, any adversely affected candidate(s), or any other

person who or entity which is aggrieved of the determination of the protest may, within two (2) business days after receipt of the decision, appeal the decision to the Advisory Board. The appeal shall be made in writing and shall specify the basis for the appeal. The appeal shall be delivered to the Advisory Board at the National Division headquarters and to all other parties to the dispute, including the EPC, by personal delivery, overnight mail, or facsimile transmission with a copy sent by regular mail immediately thereafter, within the time limit prescribed above, with a copy of the original protest attached.

(g) If no timely appeal is taken from the determination of the EPC, that determination shall be final and binding.

(h) The Advisory Board shall have the authority to conduct, or have a designee conduct, a hearing concerning any post-election matter appealed to it or to decide the matter based on written materials submitted. In deciding whether to conduct a hearing, the Advisory Board shall consider the seriousness of the violations alleged in the protest. If the Advisory Board decides to conduct a hearing concerning any post-election matter appealed to it, it shall commence and conclude the hearing within fifteen (15) calendar days after receipt of the appeal at a location and in a manner that the Advisory Board determines most appropriate to elicit fully all relevant facts and information necessary to determine the appeal within the prescribed time period. The following individuals may participate in the hearing: the complainant(s) and/or her/his representative(s), any representative(s) of the affiliate(s) involved, any person(s) who or entity(ies) which/are is the subject of the decision or remedy involved and/or her/his/its/their representative(s), the National Secretary-Treasurer and/or her/his representative, the person(s) filing the appeal, if other than the complainant and/or her/his representative, and any other person who obtains permission to participate from Advisory Board.

At each such hearing, the EPC, or its representative shall present to the Advisory Board or its designee a summary of the original determination, including a statement of facts found, the resolution reached and the basis for that resolution.

(i) Within fifteen (15) calendar days from the Advisory Board’s receipt of the appeal from a decision or from the conclusion of a hearing concerning a protest, whichever occurs later, unless the Advisory Board determines that more time is warranted in the circumstances, the Advisory Board shall issue a written decision, making whatever findings and ordering whatever relief is appropriate to resolve the appeal. In issuing a decision concerning matters appealed under these *Rules*, the Advisory Board shall give due consideration to any time exigencies that may be brought to its attention by the parties. The Advisory Board’s decision shall be sent to the complainant(s), the Union(s) involved, the EPC, any candidate(s) adversely affected by the decision, any person who or entity which is the subject of the appeal decision or remedy and any other person who or entity which, with permission of the Advisory Board, participated in the appeal. The decision shall be effective upon issuance.

4. Election Protest Committee Procedures

Protests directed to the EPC must be sent to the National Division Offices in Cleveland, Ohio, using the proper means outlined above, and will be handled in accordance with the following procedures:

(a) If a protest is sent by fax, it must be followed up by hard copy sent via certified or registered mail. Fax copy will serve to protect the time limits on protests, so long as a hard copy follows as required. Once the hard copy is received in the National Division offices, it will be scanned and forwarded to the EPC electronically, followed by hard copy mailed by U.S. Mail. Receipt of the electronically sent scanned copy by the EPC will start the 14-day time limit for the EPC to make a determination in the protest.

(b) The EPC may utilize National Division staff in the Cleveland Office for printing and mailing services when necessary and those services will be coordinated by a staff employee assigned for that purpose. Pursuant to NDR Section 7 and Section 2(g) of this Article, the EPC will contact the National President if any questions arise concerning the meaning or interpretation of the BLET Bylaws or these *Rules*. The National President will play no role in the determination of the protested actions, but will provide his interpretation of the Bylaws and/or *Rules* as requested by the EPC, pursuant to NDR Section 7(b). Once the EPC makes a determination in any protest, a hard copy will be sent to all involved parties pursuant to Section 2(f)(ii) of this Article, with a copy to the National Secretary-Treasurer. EPC determinations also will be published on the BLET National Division website’s Election page.

(c) Receipt of the hard copy of the EPC determination by those involved will initiate the time limit for the filing of an appeal. Any later changes by the EPC to a determination, such as an extension of time limits to comply with the remedy, must be copied to all involved parties, and to the National Secretary-Treasurer. Such modifications to the original determination also will be subject to appeal by any involved party.

(d) If an appeal is sent to the National Division

Office by fax, it must be followed up by hard copy sent via certified or registered mail. Fax copy will serve to protect the time limits on appeals, so long as a hard copy follows as required. Once the hard copy is received in the National Division Office, it will be scanned and forwarded to the Advisory Board electronically, followed by hard copy mailed by U.S. Mail. Receipt of the electronically sent scanned copy by the Advisory Board will start the 10-day (15-day for post-election protest appeals) time limit for the Advisory Board to make a determination in the appeal.

(e) Advisory Board decisions in appeals will be forwarded via hard copy to all involved parties and to the National Secretary-Treasurer, and will be published on the BLET National Division website.

5. Remedies

If, as a result of any protest filed, the EPC or the Advisory Board determines that these *Rules* have been violated or that any other conduct has occurred which may prevent or has prevented a fair, honest, open and informed election, it may order whatever remedial action it deems appropriate. Such remedial action may include, without limitation:

- (a) placing or removing any nominee from the ballot;
- (b) qualifying or disqualifying any member from seeking any National Division Officer position;
- (c) qualifying or disqualifying any member from voting;
- (d) reinstating or removing a member's good standing status;
- (e) requiring or limiting access;
- (f) requiring the Union or any affiliate to mail or otherwise distribute, at its own expense, candidate campaign materials;
- (g) mailing or otherwise distributing candidate campaign materials;

(h) requiring the Union or any affiliate to hold meeting(s) and prescribing the content of such meetings;

(i) requiring the return of campaign contributions;

(j) requiring reimbursement for goods or services;

(k) requiring the Union or any affiliate to provide candidate(s) with specific goods or services;

(l) establishing or altering the time method(s) or location(s) for ballot counting;

(m) qualifying persons other than her/his representatives, whether or not such persons are Union members, to serve as observers;

(n) disqualifying observers;

(o) ordering entry for observers and regulating the number and conduct of observers;

(p) requiring the Union, any affiliate, or member to pay for distribution of election materials; and

(q) requiring immediate compliance with these *Rules*, or any portion thereof.

ARTICLE XI FORMS

The National Secretary-Treasurer shall create forms for use in complying with these *Rules* and may promulgate such additional forms as may be necessary or desirable.

Unless a form states on its face that its use is mandatory, the form serves only as a model. For mandatory forms, a duplicate or an exact replica must be used. For model forms, either the form itself or any reasonable facsimile may be used.

VP TOLMAN TESTIMONY

CONTINUED FROM PAGE 1

ous materials or passenger trains are involved, protecting the public and railroad employees. PTC needs to move forward."

SUPPORT FOR AMTRAK AND PASSENGER RAIL

With America's continued population growth, passenger rail is in a good position to respond to our nation's mobility needs by taking cars off the roads and passengers out of our nation's airports, Tolman testified.

"Amtrak and other intercity and commuter railroads have done great work and continue to set ridership records. This is all while Amtrak is underfunded. In spite of this, they continue to make great strides in passenger rail. They have moved ahead with providing a version of positive train control that will help protect their employees and the public -- some of which has been in place since 1996.

"A national policy must take all factors into account, including connectivity and the ability to provide service nationwide. Amtrak was created to provide a National Rail Passenger System, not just to meet the demand and needs on the Northeast Corridor. Now is not the time

to nickel and dime the system; now is the time to stimulate the economy and invest in jobs through the creation of a good rail passenger system throughout the nation. For every \$1 billion invested, such a program could create 47,000 good-paying, middle class jobs."

In addition to Vice President Tolman, additional witnesses delivering testimony on June 27 were: Joseph Szabo, Administrator, Federal Railroad Administration; Michael P. Melaniphy, President and Chief Executive Officer, American Public Transportation Association; Edward Hamberger, President and Chief Executive Officer, Association of American Railroads; and Mike Lewis, Director, Rhode Island Department of Transportation, who testified on behalf of American Association of State Highway & Transportation Officials.

BLET National President Dennis R. Pierce thanked Brother Tolman for expertly and professionally representing the Brotherhood. @@

THE AEROTRAIN: Designed by the Electro-Motive Division of General Motors in the mid-1950s, the streamlined Aerotrain was introduced to lure back the traveling public in the face of competition from airlines and private automobile travel. These futuristic-looking trainsets were used by the Atchison, Topeka and Santa Fe Railway, New York Central, Pennsylvania Railroad and the Union Pacific Railroad. The Aerotrain was retired after a decade of use due to low ridership and high maintenance costs. Two of these locomotives are preserved today; one at the Museum of Transportation in St. Louis, Mo., and another at the National Railroad Museum in Green Bay, Wisc. **Photo:** BLET archives

Are you a photographer? The National Division's Public Relations Department, which produces the Newsletter each month, has received numerous inquiries lately from BLET members volunteering to contribute their

images to the "Photo of the Month" section of the Newsletter. If you'd like to submit a photo for consideration, you may call Editor John Bentley at (216) 241-2630, ext. 248, or you can email: Bentley@ble-t.org.

Please note only high resolution images can be used. Members are also encouraged to review their employer's policies regarding the use of cameras and other electronic devices while on duty.

Clarification: The June 2013 Photo of the Month caption mistakenly identified the final resting place of President Lincoln. He is buried at Oak Ridge Cemetery in Springfield, Ill.

NEW "YOUR TRACK TO HEALTH" BRAND AND WEBSITE REPLACES RAILROAD INFORMATION DEPOT

BLET members are being advised of a new online destination for information about health and welfare benefits, titled "Your Track to Health."

Launched in late June 2013, "Your Track to Health" (www.yourtracktohealth.com) contains information about a wide array of health

and welfare benefits and resources available to eligible railroad employees and their dependents. It replaces the previous Railroad Information Depot.

The information on this new website gives

members information from key providers, such as Aetna, Highmark Blue Cross Blue Shield, United Healthcare, Express-Scripts, MetLife, and EyeMed.

Members should know that when they see the "Your Track to Health" brand used on communications and in materials, that the information is important and is being provided to help you and your dependents better understand and optimize your health and welfare benefits.

The "Your Track to Health" website will provide several new features in the coming months, including:

- Secure sign on, which allows eligible employees and their dependents who are enrolled in the health and welfare benefits to securely

access and manage personal benefits information online; and

- An email registration and subscription center, which allows eligible employees and their dependents to opt-in to receive important benefits, enrollment and health/wellness information, alerts and updates via email. The subscription center is where you can update and manage your email communications preferences. @@
