Dear President Biden,

On behalf of the 1.3 million members of the International Brotherhood of Teamsters, I write to you in support of the renomination of Jennifer Homendy as Chair of the National Transportation Safety Board Chair (NTSB).

The Teamsters are proud to represent workers in every field of the transportation industry, including the trucking, aviation, rail and pipeline sectors. While no one is more committed to working safely than our members, when accidents do occur it is essential that the NTSB is able to respond quickly and effectively, and that the Board produces recommendations that prioritize the safety of transportation workers. Recent incidents, particularly in the rail and aviation industries, further underscore the importance of the Board and a highly qualified Chair.

Since assuming the position, Chair Homendy has been a forceful advocate for multimodal transportation safety. Under her leadership, the Board has acted decisively to take on major safety events and issues. Her renomination to the position represents a critical step towards ensuring a safer transportation network for both Teamster members and the general public.

The International Brotherhood of Teamsters appreciates your consideration in this matter, and I look forward to continuing working alongside the NTSB and Chair Homendy.

Sincerely,

A handwritten signature in black ink, appearing to read "Sean M. O'Brien".
